Child Friendly Safeguarding Policy

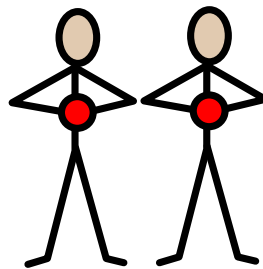

Staff at Watlington

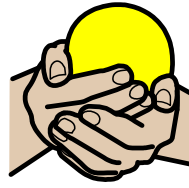

want the very best

for all of our pupils!

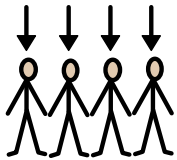

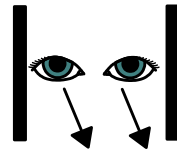

Safeguarding

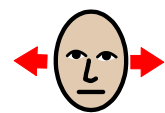

Staff at Watlington want to make sure

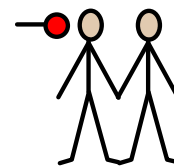

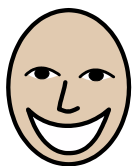

everyone is happy and treated well.

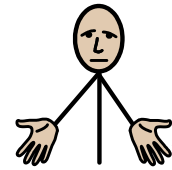

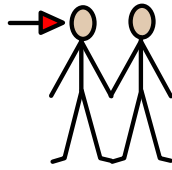

This may mean noticing when

children and young people are not

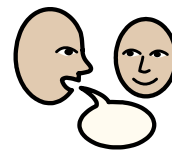

happy and listening to their worries.

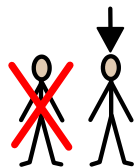

Also, when they may need

help and support.

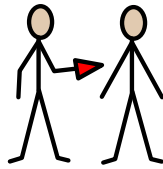

It may also mean telling

another person to make things

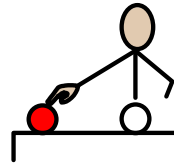

better.

Reasons why you might be sad,

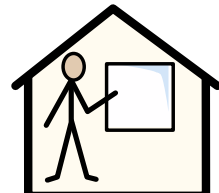

worried, upset or angry

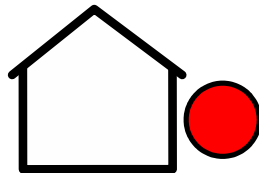

because of something that happened at:
