

Watlington Primary School Home Learning Grid

Terms 1 and 2- The Stone Age

During term one we would like you to focus your home learning on developing your reading, spelling, and maths skills. This is an optional grid, should you like to do an extra piece of home learning.

Write a diary as if you lived in prehistoric Britain. What have you done today? What is life like in your family/village?	If you could give something from 2023 to the Stone Age people to improve their life, what would you give them? Draw a picture of three items and explain why you have chosen them.	Write a list of at least five questions that you would like to ask a person from the Stone Age.
What is flint? What was it used for in the Stone Age period? Present your information however you wish – a poster, a PowerPoint, maybe even a video!	Practise spellings from your grid. You could try creating some silly sentences with your words. How funny can you make them?	Create an acrostic poem using the word 'Stone Age'.
Draw and list animals that existed in the Stone Age. Which animals are now extinct?	Design a cave painting using materials of your choice, for example, paint, chalk or crayon.	Create a Stone Age quiz to test your friends and family. Who can get the best score?
Tell a story through cave art pictures.	Research pre-historic Britain and create a mini-book to present the information that you find out.	Visit a museum and learn more about The Stone Age! You could sketch what you see or write a diary of your day.
