Here is a number pyramid.

The number in a box is the **product** of the two numbers below it.

Write the missing numbers.

# Writing

- Writing is not part of the tests
- Instead we have a framework (based on the English curriculum) that we need to follow when assessing work.
- We can be moderated by external moderators to ensure we are assessing children in line with other schools.

# Scaled Score Examples

- On publication of the test results in July 2023:
  - A child awarded a scaled score of 100 is judged to have met the ‘national standard’ in the area judged by the test.
  - A child awarded a scaled score of more than 110 is judged to have exceeded the national standard and demonstrated a higher than expected knowledge of the curriculum for their age.
  - A child awarded a scaled score of less than 100 is judged to have not yet met the national standard and performed below expectation for their age.

# Raw scores – 2022

To gain a scaled score of 100...

- Reading: 29/50
- Mathematics: 58/110
- Spelling, Punctuation and Grammar: 35/70

# How do we inform you?

- In your child's end of year report, you will receive:
  - A raw score (number of raw marks awarded) for each paper.
  - A scaled score in each tested subject.
  - Confirmation of whether or not they attained the national standard.
  - **A teacher assessment for reading, writing, maths and science.**
